ACTING YOUTH - GET SMACT

Acting Youth, Get SMACT (GeS) aims to increase the competencies of youth workers in EU and WB on media literacy. Our objective is to build the skills and the capacities of youth workers to assess and to have a critical understanding of the media, as well as to interact with the media.

To increase the competencies of youth workers in EU and WB on media literacy.

To build the skills and the capacities of youth workers to assess and to have a critical understanding of the media.

To raise interaction with media, a necessity for the civil society to raise its impact in the community.

To promote Erasmus + program and non-formal education approach as a powerful tool for young people engagement in everyday life in protection of marginalized youth.

Goals of the study visit

This study visit will provide practitioners in the youth field an opportunity to learn from organisations who work with Media & Information Literacy; raising the presence of NGOs in the local media; gather and share best practices; create a basis for future cooperation and new projects to take place. Also, they will be taught on mobile journalism.

Attendees of the study visit will gain an insight into the mainstream media platforms that exist in Albania, such as Euro News Albania, Albanian Radio and Television etc. Also they will have the chance to meet the young and established content creators and media makers who have developed their own platforms and mediums to address youth needs in Albania.

During this study visit, we will mix presentations, visiting organisations, discussions, working groups and presentations in a way that it will give participants an opportunity not only to listen and learn, but also to contribute and initiate topics of discussions.
